Smart AV Accessories make connectivity easy

# Smart AV Accessories make connectivity easy

Combining electronic devices into one single system creates an even richer AV experience. That's why we set out to make it easier. We offer a 'one stop shopping' experience with Vogel's. Next to TV mounts we offer sound solutions, cable solutions and now Smart AV accessories as well.

At the end of the 70's Vogel's introduced remote and audio solutions for the first time. In 2018 we re-introduce smart audio and video solutions in the new Vogel's product range: Smart AV Accessories (SAVA). With our SAVA products, you can combine your AV devices without compromise, safeguarding what has become part of your life. Don't replace anything; simply embrace everything.

We have SAVA products in four sub-categories: convert, connect, stream and control. They come with everything you need for hassle-free installation and use, including extra-long cables.

All carry the Vogel's 'Quality Signature'; your assurance of reliability, ease of use, design, innovation and ease of installation.

# Don't replace anything; simply embrace everything

## **CONNECT makes HDMI connectivity easy**

That cable spaghetti behind your electronic devices... sounds familiar? With Vogel's Smart AV products for connecting we reduce that spaghetti to a single three-meter slimline HDMI cable. It simultaneously connects multiple devices. Looks tidy and makes your TV wall mount even easier to handle.

## **CONTROL keeps you in control**

Hiding your electronic devices in a cabinet will keep the room tidy. But out of sight does not mean out of control. With our SAVA products for control you can operate almost any brand of AV equipment over a distance. Even through closed cabinet doors.

## **CONVERT takes the hassle out of connecting devices**

There are many audio and video formats, cables and connectors out there. With Vogel's Smart AV Accessories for converting, you can switch back and forth between analogue and digital signal formats to keep your faithful vintage equipment active, and enjoy your latest electronic devices to the fullest.

## **STREAM takes the experience anywhere you want**

Sometimes, you want to watch or listen in a different place to where your electronic device is. Or you'd like to enjoy the sound in private without disturbing others. Vogel's Smart AV Accessories for streaming let you send high-definition audio wirelessly to headphones, stereo set or TV around the house.

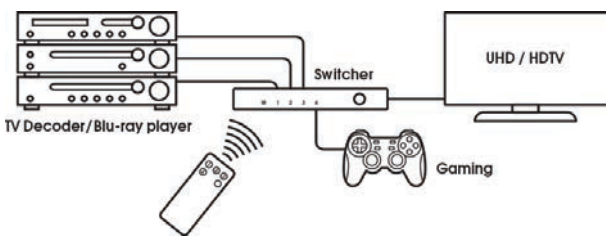

**CONNECT makes HDMI connectivity easy**

**SAVA 1026**
