

Wall mount: 850 - 1350 mm

002.1570 Wall mount with continuous length adjustment , 85 - 135cm, met universele bracket

The SmartMetals wall mounts fit virtually any projector and are available in a range of standard lengths. All models can be continuously adjusted in length and include a ball joint that can be adjusted without tools. The universal bracket and your projector can be attached to the ball joint and can be positioned to any direction. The cable duct is easily accessible from the outside and the slotted holes in the wall plate make wall mounting straightforward.
