“ Corporate social responsibility is not an optional task. We owe it to our future generations.

Gerdi Vogels, CEO ”

Vogel's. For Tomorrow.

As a market leader and innovator, we like to lead the way with high-quality products. We are always looking for the ultimate solution.

Corporate Social Responsibility is part of this. Respect for people and the environment is an important value to us. And we act accordingly.

People

Investing in people is investing in the future. This includes being a good employer and doing business fairly. Important themes that have already brought us a lot.

Planet

As a market leader, we want the production and consumption of our products to be as responsible as possible. This includes reducing our carbon footprint, which is an ongoing process.

Profit

As a part of society, we like to do our bit. Vogel's feels involved and likes to make a positive contribution to the local economy and community.

Sustainable packaging

For our latest product lines we developed fully recyclable packaging. We use 95% less single-use plastics and all EPS (Styrofoam) has been replaced by paper pulp.

Raw materials and production process

We apply strict environmental guidelines to our production process. We also look carefully at the origin of our raw materials. In order to leave these raw materials undamaged as much as possible, we strive for high quality products with a long lifespan.

Quality guaranteed

TÜV NORD

The TÜV NORD label is an additional confirmation that Vogel's products are safe. All Vogel's products for the consumer market and the professional market are tested thoroughly, so they meet the strict requirements of this certification agency. TÜV NORD is an independent certification authority for products and manufacturing processes. They carry out independent quality and safety tests and are recognized globally as the label of excellent quality.

Almost all Vogel's products carry the TÜV NORD label. Vogel's has this voluntary certification carried out as additional proof that its products are safe. Part of this process is an accelerated sustainability test.

All certified products for domestic use are tested to carry at least three times the indicated weight without collapsing (deformation is possible).

fischer® mounting materials

Professionals around the world trust the innovative products, materials and services by fischer® for mounting solutions. We have chosen the fischer wall plugs because of their great expertise and proven solidity. This is reflected in the high quality of their products and possibilities for different wall types.

SIGNATURE Series

High-end design TV wall mounts for large TVs

Choose motorized or manual movement to operate this unique TV wall mount. With our eye for detail, we use high-quality finishes and ensure that cables are out of sight. This wall mount fits seamlessly into any interior

The innovative, minimalistic design perfectly complements large ultra-thin TVs from 40 to 77 with a maximum weight of 35 kg. SIGNATURE TV wall mounts can be turned up to 120° for optimal viewing comfort.

Key features:

- Smooth turning mechanism, can be operated manually or motorized
- Our most innovative design yet - stylish in any interior
- Fully Integrated Cable Inlay System (CIS®) - Connect, protect and hide your cables, from wall to TV
- Mounting using the free DrillRight™ AR app
- Complete your mounting system with a matching aluminum cable column

ELITE Series

Every large OLED TV, mounted with elegance

ELITE TV wall mounts combine elegant design with unprecedented strength. The ultimate solution for large premium TVs, such as OLED and QLED TVs. The ultra slim design blends seamlessly with the minimalistic look of these TVs. At the same time, the TV mounts have a huge weight-bearing capacity.

ELITE TV wall mounts are suitable for TVs from 32 to 100 inches in size, weighing up to 100 kg - ideal for your valuable OLED or QLED screen.

Key features:

- Ultra slim and strong
- Ideal for OLED/QLED TVs
- Hide and guide your unsightly cables
- Mounting made easy with our free DrillRight™ AR App
- Drilling template, bolts, plugs and spirit level included
- 15 years guarantee

QUICK Series

Vogel's gives the market for TV wall mounts a fresh impulse with the introduction of a new product line: QUICK. Characteristic of QUICK is the fast, easy installation.

The products are optimally tailored to today's market with larger screens of up to 100 inches! The support arms have been lengthened, for example, and the load capacity has also been considerably increased. In addition, the packaging is 'eco friendly', in line with the sustainability ambitions of Vogel's.

Vogel's is now also accessible for price conscious consumers. With the QUICK Series, we are entering the entry-level price segment.

With the introduction of the QUICK Series, we are making it easier for consumers to make the right choice. The attractive product design, the price and the new packaging design all contribute to this.

UP Series

Vogel's introduces UP: a complete range of updated and affordable TV mounts. With these no-nonsense TV wall mounts, functionality and safety are key. The series of TV wall mounts includes options designed for TVs ranging from 19 to 80 inches in size, weighing up to 80 kg. In addition, the series includes a TV table stand for TVs measuring between 32 and 65 inches and up to 25 kg in weight.

TÜV certified to be solid and safe

Unlike most products in the value segment, the UP TV mounts and TV stand are TÜV certified. This means that the mounts have been tested to three times the maximum TV weight. As a result, they meet stringent safety requirements. They are a simple, yet solid and secure mounting solution, ideal for consumers who are watching their wallets.

Tested for long-term use

The movable UP TV wall mounts have also been tested to ensure they are long-lasting and durable. The TV mounts have been proven to function as smoothly as ever, even after being folded in and out 5,000 times under the maximum load.
